Subject: Gold King Portal

Matt,

We have put some information together regarding the Gold King portal development work. The durations are based on Bob Heeter's estimate of time necessary. I have not been able to speak directly with Bob as we keep missing each other and have both been operating remotely.

I wanted to get you at least this much information and we can discuss further. I want to give you an updated scope of work summary narrative but need to speak with Bob and insure we are all on the same page. I will get that to you as soon as I can. In the meantime, please review this and let me know how the schedule looks.

Thank you,

Chris
